Yappy Hour is an all-charity event for dog-owners, their pets and friends to socialize with pet-friendly businesses and people, all in support of pet charities.

This year, **Yappy Hour** is working in conjunction with WEAVE and the Sacramento SPCA to raise money for the domestic violence pet program. This program shelters pets of domestic violence victims while they are in shelter. Often, a woman will not leave a violent home because she has nowhere to place her pet. This program gives women more choices.

Yappy Hour organizers:
• Gabriella, 916-267-4367
• Coral, 916-425-2251

The California legislature found that 71% of pet-owning women seeking shelter stated that their partner had threatened, hurt or killed their companion animals.

SB 353 is a new law that adds pets to restraining orders.
